PRODUCT SPOTLIGHT

RALSTON UNI-PRIMER

FAST-DRYING, UNIVERSAL ANTI-CORROSIVE PRIMER

Ralston
COATINGS

Universal primer – suitable for a wide range of surfaces

Fast-drying solvent-based primer

Exterior & interior use

Excellent adhesion, flow & coverage

Can be applied on solvent-based products & subsequently coated with water-based products

WHAT DO OUR CUSTOMERS SAY?

“**Ralston Uni-Primer** is the best adhesion primer I’ve come across.

I use it on everything from kitchen units and doors to PVC surfaces, and it consistently delivers excellent adhesion.

It’s a product I trust across a wide range of projects because it performs so well on different substrates.”

“**Ralston Uni-Primer** has excellent adhesion and is particularly effective for exterior work.

I use it mainly on railings, where its quick drying time and great coverage really stand out.

The ability to tint it to darker colours is another big advantage, making it a very versatile primer on site.”
